Annual Meeting

Registration Brochure

September 18–20, 2026

Marriott Marquis Houston | Houston, Texas

An Invitation from Our 2026 Program Chair

Dear Colleagues,

On behalf of the Texas Society of Plastic Surgeons, it is my pleasure to invite you to join us for the 2026 TSPS Annual Meeting in Houston.

Each year, our meeting provides an opportunity to reconnect with friends and colleagues from Texas and across the nation, exchange ideas, learn from one another, and strengthen the relationships that make our specialty so exceptional. Whether you are a longtime member or attending for the first time, we look forward to welcoming you to a gathering built on education, collaboration, and professional fellowship.

This year's program has been thoughtfully developed to provide timely clinical content, practical insights, and meaningful discussion relevant to the challenges and opportunities we face in plastic surgery today.

Complementing the educational program are opportunities to learn about emerging technologies and innovations that continue to advance patient care. Equally important is the opportunity to gather as colleagues and friends, celebrate the strength of our professional community, and reaffirm the spirit of collaboration, mentorship, and excellence that defines our specialty.

TSPS continues to thrive because of the engagement, leadership, and commitment of its members. I am grateful for your involvement and excited for the opportunity to come together once again in Houston.

I look forward to seeing you in September.

Donald R. Collins, Jr., MD, FACS
